# Extension of the exhibition "Extraordinaire!"

Press release  
May 2020

---

Dear Sir / Madam,

The City of Lausanne together with mudac are pleased to announce the extension of the *Extraordinaire!* exhibition until Sunday, August 30.

Initially scheduled to run until 1 June, the exhibition was very successful until the museums closed on 13 March, following instructions by the Conseil Fédéral. The mudac team is particularly pleased to reopen the exhibition on Tuesday 12 May until 30 August, as this is the last exhibition before the museum moves to the PLATEFORME 10 arts district. In addition, entry to the mudac will be free until June 7, in accordance with the proposal of the Municipality of the City of Lausanne for its four municipal museums.

The museum wishes to pay tribute to the house Gaudard by offering it to host a diverse selection of highly unusual objects. These hidden gems and remarkable works immerse the viewer in a dreamlike and deeply personal world that plays with the concept of function.

In addition, mudac invites you on 3 October 2020 to celebrate its 20th anniversary in the Place de la Cathédrale with a big party open to the public, save the date! This will be the first of 20 events, which will mark the countdown to the installation of the museum in PLATEFORME in 2022.

In the meantime, participate in "What's Your Extraordinary Object?" on our Instagram account! [Read more](#)

The museum team looks forward to seeing you very soon! Until then, keep taking care of yourselves!
